Participating in the Hotel Asia 2025 Culinary Challenge, the Maldives' largest and most prestigious culinary competition, has been an extraordinary journey for the Dusit D2 Feydhoo Finolhu Maldives Culinary Team.

We are deeply honored to have been crowned as the Best Culinary Establishment, along with winning the Most Promising Young Maldivian Chef Award and several other individual accolades. These achievements are a testament to the dedication, creativity, and teamwork of our passionate and talented chefs.

What makes this success even more meaningful is that 21 out of our 23 participants competed for the very first time, yet they demonstrated outstanding skill, composure, and professionalism throughout the competition. Their remarkable performances exceeded all expectations and filled us with pride.

Beyond the medals and trophies, this was an invaluable learning experience. Our chefs gained new knowledge, mastered advanced techniques, exchanged insights with fellow competitors, and received constructive feedback from judges.

All of which have strengthened their confidence and inspired them to aim even higher for next year.

We extend our heartfelt appreciation to the Hotel Asia organizers for hosting such a world-class platform that continues to elevate the culinary standards of the Maldives. Our sincere gratitude also goes to the Dusit Management for their continuous encouragement, support, and belief in our team. This success would not have been possible without their guidance and trust.

This is more than a victory; it is a celebration of passion, teamwork, and the bright future of Maldivian culinary talent. The Dusit D2 Feydhoo Finolhu Maldives Culinary Team looks forward to returning even stronger next year.

**WINNER
MOST PROMISING
YOUNG MALDIVIAN CHEF**

**DUSIT D2 FEYDHOO
MALDIVES**

The last year has been the culmination of a dream seven years in the making.

I began my culinary career inspired by the achievements of Chef Adil, watching him win competitions and setting a high bar for excellence in our industry. To me, he represented what was possible for a Maldivian chef. A year ago, that inspiration turned into a partnership when I had the incredible opportunity to work alongside him as the Jr. Sous Chef at the Mediterranean restaurant in Dusit D2 Feydhoo Maldives.

Together, we envisioned building a dream culinary team and set an ambitious goal, "for me to compete and win at the prestigious Hotel Asia International Culinary Challenge".

I am humbled and thrilled to announce that this dream has become a reality. In my very first culinary competition, I achieved more than I could have imagined.

Most significantly, I was deeply honored to be awarded the title of "Most Promising Young Maldivian Chef".

These achievements are not a solo effort. I am eternally grateful to Chef Adil and my team who was there every step of the way. Their guidance, mentorship, and unwavering support throughout the intense competition were invaluable to both me and our team. This success is a testament to the power of having a great mentor and a dedicated team.

Managing the busiest operation on the island at the MIDI, Beach Club restaurant has been a training ground, and this experience has given me the confidence and drive to push even further. I am more motivated than ever to continue growing, learning, and representing Maldivian Chefs on the global stage.

Thank you to everyone who has supported my journey. This is only the beginning.
